

# RoHS Conformity Declaration

Declaration of Conformity to ROHS Regulation  
2011/65/EU including amendment (EU) 2015/863

Dear Ladies and Gentlemen,

We hereby confirm that the quantity of restricted substances in the devices we deliver does not exceed the maximum concentrations specified in the RoHS-Directives 2011/65/EU issued by the European Parliament and the European Council on June 8, 2011 and the amendment of the RoHS-Directive (EU) 2015/863 from June 4th 2015.

Accordingly, all devices we deliver are conform to EU RoHS-Directives.

Exceptions exist for electronic boards ordered by customers who require non-RoHS production processes. In these cases, a non-RoHS exemption permit is obtained. The delivery of non-RoHS electronic boards is based on separate contractual agreements.

Iserlohn, 14.09.2021
